What They Are Boing and Where They Will Enjoy the Fourth,

The German branch of the Brocklyn Y. M. March, but already the membership thermoma remarkably good showing. The flourishing condition of the branch is almost wholly due to the efforts of Secretary Hugo Ven Hagen. The enterprising Secretary occupied his time during the winter menths with work, which had for its object the organization of a distinctively German branch in the German por-tion of Brooklyn. Mr. Von Hagen's efforts were growned with success when the present quarters were established at 15 and 17 Graup-town side.

Although in its intensy, the branch is decil-edly athletic in its tastos. This is also owing to Secretary Von Hagen, who is interested in amateur sport for its health-giving properties. In the rear of the branch quarters is a plot of ground which is now used as an athletic ground, on which may be enjoyed handball, basket ball, jumping, pole vaniting, and running. In time a gymnasium will be built on for the members in athletic pastimes. When th members wish to hold a set of games they may go to convenient grounds at Bushwick. This they have done. Last Saturday three events were contested. They will be followed by others during the summer, the man getting the greatest number of points in all the events held according to the Pentathion system will receive the branch championship The names and performances of the men in the contest to date are as follows:

W. 42. adaker. 5.50x; W. C. Hitter, 5.03; W. Protessam, 61.1. Charles, 2at rawes, 6.02; Heart Osciller, 11. You Hagen, 2.10. H. Sinder, 5.14. P. Schramm, 5.57; E. Heater, 5.54.

The next events on the programme are the running broad jump, pole vault, and the running has jump. They will probably be held on July 7. The branch supports two hasket ball teams. E. Heater is capitain of the first or regular branch team. He plays the home position. The right guard is W. Ritter, and the left guard is J. Mehrling. W. Protzman is centre man. The forwards are A. Schoerke at the right and Henry Occhier at the left. Fred Wegener is the goal keeper. The team have played the New York German Branch two games, one at New York the other in Brooklyn, and have been victorious in both. The same in New York resulted is a score of 10–2, and in the Brooklyn game the New Yorkers did not score at all, while the Brooklyn Teutons secured three geals. The team play the Eastern District bankethall team at the Eastern District branch "gym" on July 5. The second team is capitained by Max Heas, who also plays the house" position. The other players are William Hummel, left guard: Fred German Branch team on July 3 in this city. The Brooklyn German branch also support a baseball team, and it is their team, not that of the New York German branch, that has membership in the tri-City Y. M. C. A. Baachall League. J. Hensier is Capitain, and C. Kline is manager of the team. The players and their positions are as follows: Pitcher. L. Brathauer; catcher. J. Hensier; first base, Charles Behneider; second base, J. Huell; third base, Charles Daubhin; short stoo, C. K. ine; left field, Joseph Mockler; centre field Charles Zuttrauen, and right field, J. Lang. The umpire furnished by the German branch is Abachail League. J. Hensier is Capitain, and C. Kline is manager of the team. The players and their positions are as follows: The base, Charles Behneider; second base, J. Hensier is capitain. The Brookly of the German branch is the second base, Charles Behneid

practising for the games all the week in the gymnasium. The gymnasium class work at the Tompkinsville, S. L., branch of the Y. M. C. A. is now closed. The classes prospered under the able direction of Physical Director Karl M. Schleuter. The Secretary of the Board of Directors of the Association has forwarded the following resolution to Mr. Schleuter:

I take pleasure in conveying to you the thanks of the Board and the Association for your careful and consci-utious werk in our gymnasium class of the bast season. It has resulted in making the Association popular with our young men, and has been one of the brights-t features of our work, owing largely to the interest you have personally taken in the class.

with our young men, and has been one of the brightet features of our work, owing largely to the interest you have personally taken in the class."

Allred Daybill, Jr., has resigned the captainey of the Bedford Branch Bicycle Clus. New officers have been chosen as follows: Captain, Coarles R. Mack: First Lieutenant, W. E. Birdsall: Second Lieutenant, Arthur L. Brown. The club will accompany the cyclists of the Central and other branches to Tottenville, S. L. on July 4. They will meet at the Bedford Branch at 8 A. M. The Bedford cyclists are as follows: John M. F. Detlerson, who is Chajrman of the Cycling Committee; Arthur S. Elliott, wo is Beerstary of the same, and Charles L. Ward C. G. Herald, E. L. Powell, William F. Hillman, H. J. King William R. Jackson, William Daybill, W. S. Stutts, Robert F. Swagey, Otto J. Gette Tom P. Gillman, Jr. H. N. Stearns, Birdsall, L. S. Wheelan, L. Methudy, George W. Bacon, T. J. H. Schmidt, and C. C. Jones.

Ageneral outing of all the Brooklyn branches will be held on July 4. The outing clubs will go to the Navesink Highlands, leaving New York at 6 o'clock in the morning. The clubs will pluy baseball and hold athietic games.

The men who play on the Eastern district baseball team are as follows: Harry F. Valentine, Frank Valentine, Frank Well, Frank Wall, Frank Wall, Frank Valentine, Frank Coffin, and W. I. Craven. J. B. Coffin has been appointed official umpire, and Henry Holwedell is the official scorer.

All classes in the gymnasium of the Central Association closed on Friday. The gyminesting at the Eastern District branch. The achedule is as follows: July 10, Dr. James H. McCurdy, physical director of the Twanty-third streat branch; July 19, Physical Director Reserve B. Howard, July 22, athletes from the Fastern District branch: July 22, athletes from the Fastern District branch: July 23, Edwinds of the Eastern District branch: July 29, Physical Director Reserve B. Howard, July 29, Physical Director Reserve B. Howard, July 29, Physical Director Reserve B. Howard, July 29,

branch; July R. Physical Director Reave B. Howland of the Rest Eighty-sixth eitest branch; July 10, Dr. I. Gardner Smith, shryll, athletes from the Eastern Director Benbron of the Eastern Director Henbron of the Eastern Di

Board think that the manufacturers should be protected.

J. S. Johnson's and mile ride at Waltham last week in I minute 50 seconds has set the racing men speculating as to what figures the one mile record will be placed at this season. If Johnson can ride a mile under two minutes at this season of the year, it is expected that Messrs. Sanger and Tyler with the advance of the racing season will compel him to ride considerably faster. It is actimated by conservative racing men that the one mile record will be placed at I minute and 50 seconds this season. Indications point to a fulfilment of this prediction.

YALK AGAINAT OXFORD.

An English Estimate of the Rival Cham-

The White Star steamer, Britannie, which reached her dock at foot of West Tenth street yesterday, brings the first detailed comment from England on the possibilities of the inter-national track and field tournament between the picked athletes of Yale and Oxford univer-sities. The university correspondent of Lon-don Sporting Life pairs the rivals off as follows: "Now that the Oxford and Yale meeting is definitely arranged, simply immense is the excitement evinced in both countries, and 'tis not hyperbele to deem it 'the athietic meeting of the century.' One thing is certain, the Queen's Club authorities will have made special preparations for the enormous arewd which will foregather from all parts, as they assuredly will. President Oakley is keeping speak more definitely of their selected trainapeak more definitely of their selected training ground, not yet chosen. For the 'Hundred' Meesra W. Jordan and C. B. Fry will represent the Dark Blues, with G. F. Sanford and A. Fond (Yale) in opposition. Jedging frem records, all four are about 10 2-5 men, but much faster time will be required on the day, or I am mistaken. Mr. W. O. Hickock and Mr. A. Brown (Yale) will oppose Meesra. Boberteen and Malings (Oxford) in the weight and hammer, but these events are "morals" for the Yankees on previous form. Mr. Hickock figures out with 42 feet 8 inches (weight) and 125 feet (hammer), and, as his confrère is very near this, wondrous improvement must be made by the Oxonians to withstand it. Mr. Jordan (Oxford) and Mr. Sanford (Yale) are pretty evenly matched in the quarter, either having got close on to 50 seconds, but the fermer won so easily against Cambridge that he should attain "evens" at least. The mile looks a good thing for Oxford as Mr. W. H. Greenhow accomplished 4 minutes 22 seconds, whereas J. F. Morgan (Yale) occupied 4 minutes 31 2-5 second strings should reach. Fer centra, the half mile looks equally good business for Yale, as Mr. W. S. Woodhuil got home in the fine time of 1 minute 59 4-5 seconds. Mr. Greenhow took? minutes 2 seconds complete the distance at the University Sports and I don't fancy he would ever beat level time, although a flyer. The high jump should easily go to Oxford, as Mr. Swanwick will 'ton' 6 feet if required, whereas 5 feet 10's inches is the best recorded for either Yale man. Moss folk naturally jume to the cenclusion that the leng jump is, of all events, the greatest certainty for Mr. C. R. Fry, who helds the world's record with 23 feet Us inches is the best recorded for either Yale man. Moss folk naturally jume to the cenclusion that the leng jump is, of all events the greatest certainty for Mr. C. R. Fry, who helds the world's record with 23 feet Us inches. But Mr. L. P. Shelden (Yale) is credited with over 23 feet on several occasions, so that jumping extraordinary should ing ground, not yet chosen. For the 'Hundred,' Messrs. W. Jordan and C. B. Fry will

CLEYER YOUNG ATHLETES.

With the exception of Harvard School, no city school has done so well in athletics in so short a time as has Barnard School of Harlem. It was only a year ago that Barnard School was counted among the small fry of the city schools, and was never thought of as a possible competitor in field or track athletics of such institutions as Cutier, Berkeley, Columbla Grammar, or Harvard schools. Now the Barnard boys may look backward over their season's work and see themselves as the track athletic and baseball champions of the Interscholastic Athletic Association, the largest and most important organization of its be able to continue in a high position, as they have several athletes of ability who will remain at Barnard for several years to come. T. E. Lyons, one of the masters at Barnard School, who has labored to bring his pupils to the front in the athleties, has compiled a table of the first, second, and third places, and the total points won by Barnard in the school athletic games held during the spring of 1804. This table is as follows:

* Tied with Harvard school for first place, and won vices, dividing the points.

THE SUN, SUNDAY, JULY 1, 1804

TACHTING NIWS OF INTEREST.

Dr. Zabriskie of Flathush will put his launch Arthur Hegan, Atlantic Yacht Club, has bought the jib and mainsall yacht Badger. The sloop Fredonia. Capt Jehn McCormick, is also fitting out at Bay illidge in the Atlantic besin.

In the pennant regatta of the Horseshoe Harbor Club on June 23 the winners were the Fairr, Terrapin, and Caprice. Capt. Nicholas Hansen has been appointed sailing master of the steam yacht Magnolia, which is now fitting out at Greenport. The schooner yacht Wave Crest, owned by H. C. Birge of Buffalo, left Montreal for Buf-falo, in tow, yesterday in charge of tapt. Bown.

The sloop yacht building at Seabury & Co.'s from Mr. Seabury's designs, has been named Rabeyun, and will be completed in a short The steam racht Orrmoore, owned by Alex. E. Orr, left Tebo's resterday for her station at Sag Harbor. Capt. Charles Darling is in charge.

The steam yacht Satellite, Mr. C. T. Van Santvoord, owner, has gone into commission from Seabury & Co.'s, where she has been laid up for the past season or two. The high-speed steam yacht Claymore, S. C. Y. C., Mr. J. kennedy Tod, owner, is now fitting out at the yards of her builders, and will go into commission in a few days.

The steam yacht Lorna is being entirely re-fitted at Mumm's basin, at the foot of Fifty-fifth street, Bay Ridge. She will have new bollers, engines, and pilot house, and will be red corated.

red corated.

Ex-CommoJors Elbridge T. Gerry's steam yacht Elsetra has been painted, polished, and fitted out preparators to going in commission, which will probably is to-morrow, on her owner's return from Europe. M. J. Driscoll's new steam racht was launched at wood Brothers' rard, Boston, on Tuesday. She is built of wood, schooner rigged, 73 feet over all, US feet water line, 11 feet beam, hard-wood finished, and tr.ple expansion engines.

pansion engines.

The annual regatta of the Hempstead Harbor Club will be held off the club house on Saturday, July 21, over the club course, from the club house, around Execution Light buoy, thence around Matinnecock buoy, and return, the distance being twelve miles.

Chester W. Chapin's fine achooner yacht Yampa, which has been chartered by J. Hood Wright of Drexel Morgan & Co., has practically completed her fitting out at Tebo's dock, South Brooklyn, and will g in commission in a lew days. Capt. Edridge is in charge.

The Marietta which sank at her berth in

The Marietta, which sank at her berth in the Eric Hasin, has not been raised yet. She is wedged in between the pler and Crane's floating dry fock. It is said that she cannot be raised until the dry dock is moved. If this is so it will cost considerable more to raise her than was at lirst expected.

J. Roger Maxwell's s-hooner yacht Emerald, which finally managed to beat the Ariel in the Seawanhaka Corinthian Yacht Club's regatta, has been hauled out on Downing & Lawrence's ways at the foot of Court street, South Brooklyn, to be cleaned and prepared for the Larchmont Yacht Club's regatta on July 4.

The steam yacht Norma, which for years lay alongside of the coal dock in Newtort, and was recently sold at auction for \$7,000, has been towed to Teho's, where her hull was found incrusted with nearly four tons of barnacles. Bhe is to have new engines and boilers, and will be entirely refitted throughout at an expense of \$15,000. The high-speed steam launch Palos, Mr. Jarvis B. Edson, owner, has left Nyack for Shelter Island, where she will be used during the summer months. The Falos has just been fitted with a new triple-expansion engine and seed to the same triple-expansion engine and

a safety water tube boiler, also new condense and propeller wheel. She had a trial trip day or two ago, and runs beautifully. day or two ago, and runs beautifully.

Capt. Frisbee, formerly of the Aloma, is in command of L. Vaughn Clark's 40-footer Gessoon. So far, thanks to good handling, the Gossoon has beaten her old rival, the Minerva, every time they have met this year. The Minerva is being fitted with a new suit of sails, and it is said her owner is looking for a match with the Gossoon. Mr. Clark is willing to match the Gossoon for \$500 acide under New York Yacht Unbrules, but the Minerva's owner wants to sail under Larchmont rules. When this little difficulty is gotten over a match will probably be made.

match will probably be made.

The Sea Cliff Yacht Club announces that the date of its first annual regatta has been changed from Aug 4 to Saturday, Aug. 11. Besides prizes for the new 21-foot class. A special race for call in cats has been arranged for Saturday, July 14, when handsome sliver cups will be offered as prizes in two classes for these popular boats, the class division being made at 22 feet L. W. L. The course for this special race will be from an imaginary line off the club house to and around the East buoy off Execution Light, theree to and around buoy off Matiansecok Foint, and return to starting line.

CANOES AND CANOING.

Commodors Dorland of the American Canoe Club was among the guests of the Red Dragon Canoe Club of Philadelphia at their annual re-gatta yesterday. gatta yesterday.

The Orange Canoe Club of West Arlington, N. J., will make a trip in its war canoe next Wednesday to Rutherford, where it will take part in the Fourth of July celebration to be held there.

The Nyack Rowing Association has extended the privileges of membership and the use of the club house at Nyack to the members of the American Canoe Association during their meet at Croton Point.

The lanthe Canoe Club of Newark, N. J., will

meet at Croion Foint.

The lanths Canoe Club of Newark, N. J., will hold a meeting to-morrow evening in the club house at the foot of Grafton avenue, Woodside. The report of the committee appointed to arrange for the accommodation of the club at the canoe meet at Croton Foint will be heard and the final arrangements made.

At a meeting of the Yonkers Canoe Club held last week it was decided to postpone the annual regatta of the club, usually held on July 4, until September, in offier to avoid any interforence with the meet of the American Canoe Association which will begin on July 13. It was also decided to have a club mees at the meet.

Themas Hale, Jr., of the Yonkers Canoe.

Thomas Hale. Jr., of the Yonkers Canos Club, has bought the racing canos. Beta from T. S. Ozholm of the same club, and is getting her in condition for the meet, where he will enter the principal sailing events. He will carry 135 square feet of sail on her and will use a five-foot sliding seat. The flets was built for Mr. Ozholm in 1860, and has a good record.

Frank C. Mars, to Sales, and the conditions of the conditions o

Frank C. Moore is fitting his racing cance
Torment with a new rig of 180 square feet,
of which 100 square feet is in the mainsail.
The mainmast is eighteen feet long and three
inches in diameter at the foot. It is the longest mast ever used in a regulation 16130
cance. To aid in carrying this large spread of
sail he will use a sliding seat seven feet in
length.

length.

The Hobeken Canne Club is well established in its summer camp on the Hudson at Fleasant Valler, N. J. More than half the members are keeping their canness there now and during the warm weather of the last lew weeks at or eight of them have been living in the camp, coming down to business in the city in the morning and returning to the camp in the evening.

The Kookekekeke to Venkers Canne Club's

The Ko-ko-ko-ho the Yonkers Canoe Club's big 35-loot war cance has been undergoing a thorough everbauling, and now, after two weeks' scraping and varnishing, looks as bright and fresh as on the daysho was first received from her builders, just three years ago. Her first trip of the season was made yesterday to the camp of the Knickerbecker Canoe Club at Egg Beach. The Yohkers men expect to win the war canoe race at the meet this menth, and are already picking a crew for the event.

month, and are already picking a drew for the event.

The Transportation Committee of the American Cance Association has arranged with the owners of the ferry between bling Sing and Haverstraw to make four trips a day in each direction between bling sinas and Oroton Point during the two weeks of the camp at the latter place. A commodique steam launch will be used, and it will leave Sing bling at the hours of 0, 12. 4, and 0 sach day. Betturning it will leave the camp half an hour later. Buch dissatisfaction with the means of transportation between the railway stations and the camps has been expressed in past years, and often will be good reason, but it would seem that the above arrangement is all that could be desired and will insure a good service.

Bowlers Have an Outing. Gus Slevers's victory in THE SUN tournament

was celebrated in a fine manner by members of the Resedule Bowling Club. It was a tired but happy party of bowlers that returned to this city resterday morning, and all who were so fortunate as to make the journey will long remember the pleasant time spent while away. Theparty was composed of fifteen men. They departed from the city last Wednesday morning. On Thursday Niagara Falls was visited by the New Yorkers. Friday was spent at Buffalo It was due to the hospitality of R. S. Schorstein and C. F. Filbrick that the visitors were enabled to see the sights in the Bison City. While in Buffalo Gus Fierers made part arrangements to play two games next winter between the best ten buwiers of this city and Buffalo. It is expected that if the series is rolled the first game to be played in Buffalo. The Fresaurs Bowling Club of Buffalo presented the visitors with a bowling bail. The rito was the largest ever made by any asgregation of bowlers. As the Gothamlies had some spare time they visited Gebhardi's alleys on Michigas street. Gus Sievers and Joe Thum selected teams and bowled a match game. The champions team were beaten by the following score:

dierere's Team—A. Siever, 125. C. Sievers, 176; H. Hinet, 179; H. Weinken, 177; A. Schudt, 166; L. Gez, 114; G. Ducker, W. A. Sruss, M. Total, 1,018.

Tours, Team—J. Turne, 184; H. Schudt, 166; L. Gez, 114; G. Gartes, Village, 164; H. Siever, 165; D. Frencha, 166; L. Gez, 164; H. Seines, 167; L. Jacoby, 111.

Total, 1,000.

From the above it can be seen that the scores City. While in Buffalo Gus Sievers made part

From the above it can be seen that the scores were fully forty pine below the average relied by the same bowlers when in this city,
